

NATIONAL INTERNET EXCHANGE OF INDIA
9th Floor, B-Wing, Statesman House,148, Barakhamba Road
New Delhi – 110001

NIC connectivity with NIXI IX points

Introduction

The National Internet Exchange of India (NIXI) is a non-profit Company incorporated under Section 25 of the India Companies Act, 1956 (now section 8 under Companies Act 2013) with an objective of facilitating improved internet services in the country. NIXI was registered on 19th June, 2003 and performs three operations -

National Internet Exchange of India (NIXI) was set up for peering of ISPs among themselves for the purpose of routing the domestic traffic within the country, instead of taking it all the way to US/Abroad, thereby resulting in better quality of service (reduced latency) and reduced bandwidth charges for ISPs by saving on International Bandwidth. NIXI is managed and operated on a Neutral basis, in line with the best practices for such initiatives globally. Website – www.nixi.in

NIXI is planning for connectivity of NIC(National Informatics Center) data centres with its exchange points at 8 locations. The connectivity at Exchange points will vary from 2Gig to 10Gig ports.

NIXI requires services of last mile/NLD for ensuring the connectivity.

Below are the details of address of NIC.
