Research Associates/Consultants

NIXI is looking to hire Research Consultants or Associates for its work on Global Internet Governance.

Job description:

The person will be responsible for conducting research on a variety of issues relating to internet governance and engagement with specific institutions and processes like ICANN, IGF, APTLD etc.

- ➢ Ability to study, analyze and write impact assessment reports or briefing documents on developments in the global internet governance space, including Internet technology standards and processes, policy development processes etc.
- ➢ Identify issues to research and analyze, interpret and review existing national and international Internet Governance related policies.
- ➢ Evaluate policy options by taking views from the community and make recommendations towards policy development.
- ➢ Prepare research material, write white papers, response papers, speeches, talking points, research reports, and draft-mails amongst other correspondences for NIXI.
- ➢ Plan, organize and execute capacity building sessions, training programs and events for and with stakeholder communities.

Expected Skills and knowledge
- Knowledge of technical, political/geo-political, economic, legal, socio-cultural aspects of Internet Governance.
- An understanding of the institutions and processes of Internet governance at both national and international level.
- An understanding of key government policies, laws, and regulations and how these are developed.
- Person must have excellent research and writing skills including the ability to complete lengthy report(s).
- Knowledge of research methods.
- Graduate degree in public policy, law, or other related field relevant to policy research.

    Highly motivated, enthusiastic, and committed candidates interested in contributing and learning on internet governance issues are encouraged to apply.

Preferred Work Experience:
1. For Full-Time Research Associate: 2-3 years or relevant work experience are encouraged to apply. Exceptions may be made for candidates with suitable knowledge and skill sets.
2. For Full-Time Research Consultant: Five to ten years of professional experience in public policy with preferred experience in technology policy and/or global governance.
3. Higher Education may be counted as additional Experience
4. Only Selected Candidate will be called for interview.

Remuneration:

(Designation: Research Team Lead – Experience 5 to 10 years - Rs.18 -24 lakhs) – 1 Post

(Designation: Research Analyst – Experience 0-2 years – Rs.10-12 lakhs) – 2 Posts

(Designation:Research Associate Fellow – Experience 2-5 years – 15-18 lakhs) – 2 Posts

Higher Remuneration not a constraint for suitable candidate.

Last date for applications: 6th February, 2023
